

HEINZ AND MARIA (LIBERIA), INC., Appellant,
v. NATIONAL MILLING COMPANY OF
LIBERIA, Appellee.

JUDGMENT WITHOUT OPINION.

Decided February 18, 1977.*

At the call of this case, Counsellor *D. Caesar Harris* appeared for the appellant, and Counsellor *Joseph Williamson* appeared for the appellee and filed a motion to dismiss the appeal on the ground of a defective appeal bond. Appellant's counsel, conceding the merits of the motion, made no resistance thereto; therefore it is adjudged that the motion to dismiss should be and the same is hereby granted, and the appeal is dismissed with costs against the appellant. And the Clerk of this Court is ordered to send a mandate to the lower court commanding the judge assigned therein to resume jurisdiction over the cause and enforce the judgment. And it is so ordered.
